St. Lawrence County

Local Law No. 7 for the Year 1974

A Local Law Relating to, Regulating and Licensing Outdoor Musical Entertainments, Amusements and Assemblies in Excess of 10,000 Persons; Establishing Licensing Procedures and Fees Therefor; and Prescribing Offenses and Penalties

BE IT ENACTED by the Board of Legislators of the County of St. Lawrence as follows:

Section 1: Purpose

Outdoor musical entertainments, amusements and assemblies have occurred in New York State and other states on developed and undeveloped sites, attended by more than ten thousand persons. Many camp on the site before, during and after the event in the open and in tents, trailers and other similar facilities. Such assembly of persons in St. Lawrence County in numbers of 10,000 or more would temporarily increase the number of persons residing within the County of St. Lawrence from ten to fifty times its normal population, thereby causing problems and demands considerably beyond the capabilities of existing municipal services and facilities now available in St. Lawrence County.

In order to prepare for such an event, it is necessary to provide a temporary community with all the services required for the health, welfare and safety of the persons in attendance. Adequate provision must be made for sanitation and sanitary facilities and services; water supply, food service; garbage and refuse collection and disposal; hospital, medical, nursing and ambulance service; policing and traffic control; parking facilities and control; and communications and power systems. All of these services are normally provided by or subject to some governmental regulation and licensing.

The conduct of such events would create a mass movement of people through the County of St. Lawrence, upon its public streets and highways, of a magnitude never before experienced by the County, with the likelihood of damage and injury to persons and property within the County. The County, its residents and public and private property must be protected.

The Board of Legislators of St. Lawrence County therefore finds and declares that it is necessary for the protection, order, safety, health and well being of persons and property within the County of St. Lawrence. To establish certain rules and regulations regarding outdoor

No permit shall be issued unless the applicant shall deposit with the Clerk of the Board of Legislators cash or surety company bond, approved by the County of St. Lawrence in such sum not less than \$100,000 as the Board of Legislators may reasonably require and conditioned that all requirements of the permit will be fully performed by the applicant; that no damage will be done to any public or private property; and that the applicant will not permit any litter, debris or other refuse to remain upon any public or private property after the event. The cash shall be refunded or surety company bond cancelled upon certification by the County Board of Legislators that all conditions of this local law have been met. Such surety bond or cash shall serve as an indemnity to save and protect the streets, pavements, bridges, road signs and other property of the County of St. Lawrence and of the City, Town and Village within such event is to be held, and of any other City, Town and Village within the County from any and all damage that may be caused by vehicles, employees, or participants in such event, and to be used, if necessary, to restore the ground where such event is held to a sanitary condition and pay all charges and losses to the County and its respective City, Towns and Villages for damages to streets, pavements, bridges and other property.

Should the licensed event necessitate the employment of additional county, city or town personnel and equipment, such added expense shall be recoverable from the cash or principal's surety. The deposit or its balance is to be returned when the Board of Legislators has determined that no such damage was done and that the City, Town, Village

If the applicant has provided in his application that any service or facilities are to be supplied by contract, lease or other arrangement with third parties, then no permit shall be issued unless the applicant shall obtain and submit to the County cash or good surety company bond approved by the Board of Legislators at least equal in amount of the consideration to be paid to or by such third parties for services and/or facilities to be furnished, and conditioned that each such third party will fully perform its contract, lease or other arrangement with the applicant for the provision of such services and/or facilities as set forth in the application.

**Section 6: Limitation on Attendance**

If a permit is granted by the Board of Legislators, such permit shall set forth the maximum number of persons to be permitted to attend the event. The Board of Legislators, in determining such maximum limit, shall take into consideration the capacity of the site and of available public highways, and other means of transportation to and from the site. The applicant shall limit all ticket sales to such maximum number. No tickets shall be sold at or near the site of the event during the hours of that event. Applicant shall specify in all advertising and promotional endeavors the limitation on number of tickets to be sold or otherwise issued and the unavailability of tickets at the site while the event is in progress.

**Section 7: Denial of Permit**

The permit shall not be granted if any of the items set forth in said application are determined by the Board of Legislators to be insufficient to properly safeguard the safety, health, welfare, and well being of persons or property or do not comply with any of the requirements of this local law.

**Section 8: Non-Compliance with Permit**

If after a permit is issued, the County Board of Legislators, through its lawful agents, determines that any of the items required as a condition of the permit is not adhered to and accomplished within the required time limits or if any of the contract, leases or other arrangements for the provision of services and facilities or any insurance or surety bond shall become terminated prior to completion of the event, then this permit may immediately thereupon be terminated by action of the Board of Legislators, unless breach or failure is promptly remedied within such time limit as may be reasonably imposed by the Board of Legislators. Notice of termination of the permit shall be in writing addressed to the applicant at the address set forth in the application.

**Section 9: Enforcement and Penalties**

Section 12:

This Local Law shall become effective upon filing in the office of the Secretary of State, New York.
