Subject: future rental/housing crisis

Greetings,

I'm reaching out to a few of my collaborators, as we are possibly approaching a rental/homelessness crisis, with NYS Rental Ass't Program running out and the urgently needed Federal funding seeming far from certain.

As Village and Town reps, along with some of my North Country Energy Task Force partners, I thought we might touch base and exchange thoughts/leads/ possible resources as we are getting close to a serious crisis.

If any of you have immediate thoughts on action, other than urging our NYS and Fed reps to do the obvious - fund the critical agencies that could relieve the situation, please share.

If folks feel we could benefit from a Zoom gathering, we could do that. I'm assuming we can use the Village/Town Zoom system we've been using for meetings?

So please chime in.. with ideas/info, additional helpful partners, interest in gathering, etc.

Thanks.

Klaus
