There were (3) new lead cases, all under 10 ug/dL. 5 decrease, (2) that stayed the same and (3) increases.

Sanitarian Update: Alivia Sheffield

There have been a few garbage issues regarding abandoned houses without contact information or the owners live far away. We have (2) bed bug cases, one in a private home and one in a senior citizen housing facility.

An issue regarding a residence at 78 Main Street, Hermon, where the code enforcement officer wants to bring it to the board to have it condemned as a public health issue, although most trash in the pictures seemed to be more household items (chairs, bins, cloths), as opposed to items that would attract nuisance animals, such as food. Since meeting with the code enforcement officer, he stated the owners are going to deal with the issue.
