

High Energy Bills? Drafty Buildings? Old Heating and Cooling Systems?

Your business may be eligible for assistance through the Rural Energy for America Program (REAP) and REAP ADK+

What is REAP?

This program provides grant funding to small businesses and farms for energy efficiency improvements and renewable energy systems. Grant funding reimburses up to 50% of the costs of the project.

What is REAP ADK+?

ANCA will provide **FREE** advice on your business's eligibility for REAP

ANCA will provide **FREE** REAP application preparation and support services

For more information, visit adirondack.org/reapadk or contact ANCA Manager of Food Systems Business Jon Ignatowski at jignatowski@adirondack.org or 518.891.6200 x124.

ANCA is an equal opportunity provider. This publication is made possible through a grant from USDA Rural Development.

Who is Eligible?

Agricultural Producers

- An entity directly engaged in production of agricultural products where at least 50% of their gross income comes from agricultural operations

Small Businesses

Must be one of the following:

- Private for-profit entity (Sole Proprietorship, Partnership or Corporation)
- A Cooperative [including those qualified under Section 501(c)(12) of IRS Code]
- An electric utility (including a Tribal or governmental electric utility) that provides service to rural consumers and operates independent of direct government control
- A Tribal corporation or other Tribal business entities that are chartered under Section 17 of the Indian Reorganization Act (25 USC 477) or have similar structures and relationships with their Tribal entity without regard to the resources of the Tribal government
