The Nonprofit Infrastructure Capital Investment Program will make targeted investments of \$50,000 to \$500,000 for capital construction projects that improve or maintain the quality, efficiency, accessibility of nonprofit human services organizations that provide direct services to New Yorkers. There is no matching funds requirement. “Human services organization” shall mean a nonprofit organization that provides direct programs and services in New York State that protect the health and well-being of individuals and families residing in New York State; “Direct services” shall mean prevention, intervention, respite and/or habilitative services that a nonprofit organization provides directly to an individual/family or groups of individuals/families.

For the purposes of this RFA the following organizations are deemed NOT to be human services organizations offering direct services and are NOT ELIGIBLE to apply for a NICIP grant:

- Colleges and universities;
- Elementary and secondary schools, whether public or private;
- Hospitals, nursing homes, and diagnostic and treatment centers authorized under Article 28 of the NYS Public Health Law;
- Fire departments;
- Libraries, museums, theatres, parks, or gardens;
- Organizations whose primary function is fundraising;
- Organizations whose primary function is lobbying or advocacy;
- Organizations whose primary function is volunteer recruitment and placement;
- Membership or umbrella organizations that provide services to another organization and not directly to an individual/family or groups of individuals/families;
- Organizations that provide services to another organization but not directly to an individual/family or groups of individuals/families;
- Organizations that are the Performing Provider System lead for a Delivery System Reform Incentive Payment Program (DSRIP) network; and
- Municipal Corporations.

\$165 million in new funding is available to support community-based investments designed to strengthen the cultural, aesthetic, and environmental aspects of local and regional transportation systems while promoting safety and mobility. The funding is available for projects that create new and enhance existing bicycle and pedestrian facilities, improve access to public transportation, create safe routes to schools, convert abandoned railway corridors to pedestrian trails, and help reduce congestion and greenhouse gas emissions from the transportation sector. In addition, these funds may be used by municipalities to support activities that meet the requirements of the Clean Air Act and the Americans with Disabilities Act.
