St. Lawrence County Public Health Successes Through:

COVID-19 Pandemic

THIS IS PUBLIC HEALTH

I got my COVID-19 vaccine because...

I want to keep my family + friends protected!

Throughout April and May of 2021, St. Lawrence County Public Health asked the community to fill out a sign sharing why they decided to get vaccinated against COVID-19. This was a great way to come together as a community while keeping our distance.
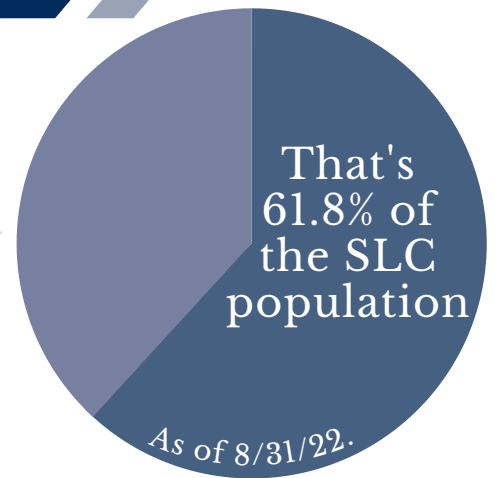

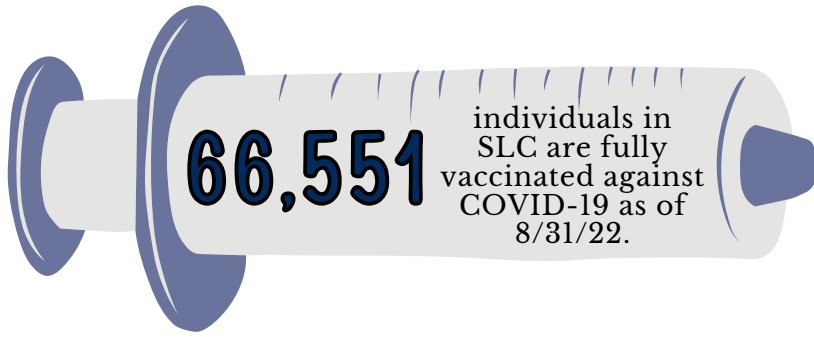

COMMUNITY ENGAGEMENT

The St. Lawrence County Public Health Department utilized multiple strategies to educate the community, including the following community engagement activities:

I Wear My Mask Because...

SLCPH asked businesses and individuals throughout the County to tell us why they wear a mask. The responses were posted on the Public Health Facebook and encouraged individuals to share the benefits of mask wearing.

66,551 individuals in SLC are fully vaccinated against COVID-19 as of 8/31/22.

That's 61.8% of the SLC population

As of 8/31/22.

VACCINATION CLINICS:

St. Lawrence County Public Health held its very first vaccination clinic **January 21st 2021.**

Since then...

Over **350** clinics were held throughout the county, at over **80** locations, putting in over **1,500** hours.

We held our largest clinic at St. Lawrence University, vaccinating over **600** individuals.

1/21/21 - 8/31/22

152 individuals volunteered their time during 2021-2022 to assist with the COVID-19 vaccine distribution.
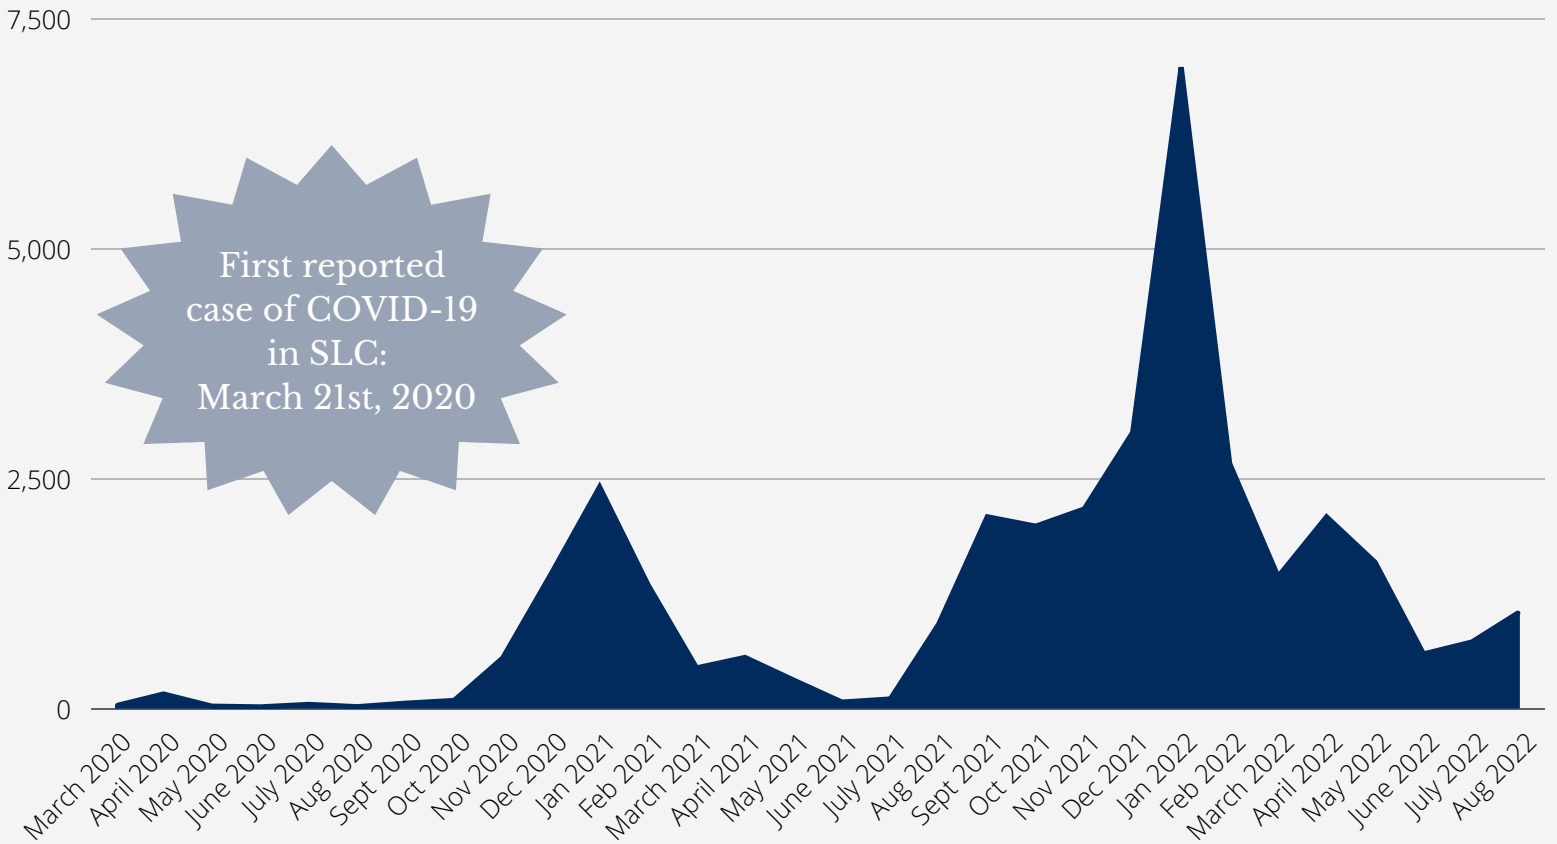

THANK YOU!

THERE IS UNITY IN IMMUNITY.

Looking back over the years ...

Number of New Cases Per Month:

First reported case of COVID-19 in SLC: March 21st, 2020

7,500

5,000

2,500

0

March 2020 | April 2020 | May 2020 | June 2020 | July 2020 | Aug 2020 | Sept 2020 | Oct 2020 | Nov 2020 | Dec 2020 | Jan 2021 | Feb 2021 | March 2021 | April 2021 | May 2021 | June 2021 | July 2021 | Aug 2021 | Sept 2021 | Oct 2021 | Nov 2021 | Dec 2021 | Jan 2022 | Feb 2022 | March 2022 | April 2022 | May 2022 | June 2022 | July 2022 | Aug 2022

VACCINATION RATE - COMPLETED SERIES BY AGE GROUP:

5+ yrs: 65%

12+ yrs: 68.2%

18+ yrs: 69%

65+ yrs: 87.2%

Conducted over **27,000** COVID-19 PCR tests from the schools in SLC as part of the school screening program for the 2021-2022 school year.

HEROES THANKING HEROES

St. Lawrence County Public Health would like to recognize and thank all community partners who have committed their time to this initiative.

Our success is also your success,

Thank you
