- a. Described below is how the district plans to meet federal and State Temporary Assistance participation rate requirements. Included is the weekly hours standard participation requirement for individuals in the different case and household types, along with the typical time period it takes for nonexempt individuals to be engaged in activities for both newly opened cases and individuals who status changed from exempt to nonexempt. Information regarding engaging exempt individuals is entered in Section 6:

The local district engages clients in employment activities on the day of application. Assessment is on-going and leads to the development and periodic modification of the client's Employment Plan. In cooperation with their Employment Counselor referrals for non-exempt Family Assistance cases to appropriate activities occur during the upfront Job Search / Job Readiness Training, after an assessment and the intializing of an employment plan. Clients whose status change from exempt to non-exempt will be reassessed by Counselors within 30 days of the change in their status for Employment Plan modifications and subsequent engagement in work

activities. Staff will continuously monitor the performance of clients engaged in activities and will reassess and revisit the employment plans as appropriate, amending or making additional referrals for clients as needed.

The local district will strive to fully engage each client in employment activities. The weekly hour participation standard requirement for Family Assistance cases is up to 40 hours per week. Reports are carefully screened for information on client engagement and participation levels and assist in providing a continuous quality review in the determination of the need for activity assessment or referral. Reports utilized include, but are not limited to:

Safety Net Non-MOE and TANF and Safety Net MOE Worker Participation/Engagement Summary Reports, run after the 18th of the month for the previous month report, to review the month's participation and engagement rates, which clients are in the count, who is non-exempt and not participating and in need of engagement.

Safety Net Non-MOE and TANF and Safety Net MOE Detail Reports, run after the 18th of the month for the previous month report, to review the participation rate and the clients in the count listed by name and activity.

The Preliminary Federal Countable/Not Countable Report and the Preliminary Safety Net Non-MOE Countable/Not Countable Report, run the third week of the month, used to monitor who is participating based on scheduled and /or actual hours for the current month.

The Omission of Hours Report, run before the 15th of the month, used to determine what timesheets are missing for the previous month.

WTWCMS Listing Reports to monitor caseloads of unit staff to include case types, numbers and distribution.

The Cognos Participation and Engagement Status Report grouped by worker to monitor current levels of engagement in employment activities for individual counselor caseloads.

- d. Describe the extent to which the district requires Non-Temporary Assistance Supplemental Nutrition Assistance Program (NTA SNAP) applicants and recipients to participate in SNAP E&T work activities. If the district is not mandating SNAP E&T work activity assignments, please describe how NTA SNAP work registrants are

informed of the services available, upon request, for assistance with job search activities. (Please note: At a minimum, districts are required to make available job search as a SNAP E&T activity to NTA SNAP applicants and recipients):

The district does not mandate NTA SNAP applicants and recipients to participate in Job Search work activities. Applicants and recipients that express interest in job search assistance are referred to the Employment Unit by the TA/FS Unit for aid and opportunities in locating employment.

e. Please describe the local district procedure for Job Search, including the required number of job search contacts and hours per week assigned. Also include a description of how often individuals are generally required to report job search outcomes and if activities other than job search are routinely expected:

1. The district assigns TA **applicants** to Job Search. Yes No

If yes, the process for engaging TA **applicants** is:

On the day of application, the district provides non-exempt applicants a letter that schedules them for an applicant job search orientation and a job search log to be completed with five employer job search contacts that has to be provided at orientation. Applicants are engaged in job search and job readiness training within approximately two weeks following application. Scheduled for a six week period, applicants are required to make a minimum of five job contacts per week, to total a minimum of thirty employment contacts. Employment Counselors work with the applicants/recipients in job clubs to enhance the opportunities for employment. Satisfactory participation is required. Upon the completion of an assessment by an Employment Counselor non-exempt applicants are referred to job readiness training classes or activities.

Applicant Job Search	Number of Contacts	Number of Hours	Additional Information
TANF and SNA MOE	5/wk for 6 weeks	18 hours for a 6 week time frame	Job Search Workshop meets once per week for six weeks.
SNA Individuals	5/wk for 6 weeks	18 hours for a 6 week time frame	Job Search Workshop meets once per week for six weeks.

2. The district assigns TA **recipients** to Job Search. Yes No

If yes, the process for engaging TA **recipients** is: Recipients are referred to employment opportunities as they arise. District staff may require participation in job search activities but generally direct referrals to employment opportunities have been more successful. Recipients provide the outcome of the job referral to their Employment Counselor. Our association with the American Job Center and its partner agencies provide us with numerous opportunities for this referral mechanism.

f. Describe the district's process and policy, including the guidelines workers follow, when determining whether participation in self-employment is approved as part of an individual's required work activities. If the district always approves self-employment as part of an individual's required work activities, please note this policy below.

Recipients that report self-employment to their counselor may have the time count toward their 40 hours per week of participation. The counselor will review the client's budget, documentation of the employment; including type of work, rate of pay and hours per week. The client will need to present self-employment logs or a signed employers' statement. Countable hours will be based on the receipt of federal minimum wage for the occupation.

g. The allowable work activities that are available in the social services district are listed and defined in the table on the next two pages. An "X" in the appropriate check box indicates the activity is available for individuals receiving Family Assistance (FA), Safety Net Assistance for households with children (SNA Fam), Safety Net Assistance for households without children (SNA IND), and/or Supplemental Nutrition Assistance Program (SNAP) benefits. A blank check box indicates the activity is not available for that case type.

Section 3.5 Job Development

The district conducts or accesses job development services to expand job opportunities for TA and SNAP clients. Yes No

If yes, the district participates in job development activities in the following manner:

District staff contacts employers to solicit jobs for Temporary Assistance participants.

Below is the description of how this is done, including number of staff, frequency of contacts, etc.:

There are eight DSS Employment Counselors who job-develop in the following manner:

- a. Coordinate with local WIOA/DOL partner staff to receive job listings and knowledge of referrals of mutual clients.
- b. Referral of clients to job fairs and specific employer outreach events.
- c. Specific personal or telephone contacts for individual clients done on an on-going basis within no specified timeframe.

District contracts or has an agreement with another agency to contact employers and solicit jobs for Temporary Assistance and/or SNAP participants. Below is the description of how this is done, including number of staff, frequency of contacts.

OTDA Jobs Program staff are charged with job development as indicated in section 2.3. Additional information, if any, is described below:

JOBS staff work in conjunction with DSS Employment Counselors to enhance job entry possibilities for clients.

Section 3.6 Training Approval and Activity Enrollment Policies (Reference 18 NYCRR 385.9)

a. Describe how the district identifies appropriate education program providers for services of Adult Basic Education, High School Equivalency (HSE) diploma preparation, and English Language Instruction that are available to clients whose assessment indicates such services would be an appropriate work activity assignment:

St. Lawrence County has two service providers who offer Adult Basic Education, Test Assessing Secondary Completion (TASC) preparation, or English Language Instruction. Literacy Volunteers of St. Lawrence County provides English as a second language tutoring as well as basic skills instruction for low functioning clients. The St. Lawrence-Lewis Board of Cooperative Educational Services provides Adult Basic Education instruction and Test Assessing Secondary Completion preparation and testing. Both providers are cooperative partners and accept referrals on a continuous basis.

b. Describe how the district identifies appropriate providers of Vocational Education and Job Skills Training programs that are available to clients whose assessment indicates such services would be an appropriate work activity assignment:

The local district is a partner member in the St. Lawrence County American Job Center which maintains a list of New York State eligible providers of vocational and occupational training. Current information on programs including prerequisites and costs are available through the Center. Information regarding Job Skills Training programs that contact the

Center or DSS Employment Unit is readily disseminated to staff for client assessment / goal consideration.

- c. Describe the process and guideline workers follow to ensure that individuals who have not attained a basic literacy level and/or have not attained a high school diploma are offered the opportunity to participate in an educational activity:

Employment Counselor observations and utilization of the TABE, (Test of Adult Basic Education), as well as client self-attestation during the assessment process determines the need, desire and ability of clients to participate in educational opportunities. Referrals to the SLLBOCES for TASC or ABE, and Literacy Volunteers of Northern New York for basic literacy instruction or English as a second language tutoring are made as appropriate.

- d. Describe the district's process and policy, including the guideline workers follow, when determining whether participation in educational activities is approved for individuals who have not attained a high school diploma who are interested in participating in an educational activity. Include in this section instances when the agency would deny participation in educational activities:

Individuals who do not possess a high school equivalency or diploma or assess below the ninth grade level on the TABE are strongly encouraged to participate in remediation as an employment requirement and part of their Employment Plan. The agency would deny participation in educational activities when specific basic requirements or prerequisites for particular vocational or occupational training and careers may prohibit or limit client success or participation, i.e. driver's license, criminal back ground check, medical limitations.

- e. Describe the district's process and policy for determining whether or not a participant is approved/assigned to participate in job skills or vocational education activities:

The Employment Counselors through the assessment process identify the vocational education activity and/or job skills training that will assist the client with meeting both the short and long term goals set forth in the individual's employment plan. The Employment Counselor makes a recommendation to the Employment Unit Supervisor for approval, enters the enrollment on WTW CMS and provides notification to the client.

- f. Describe the highest level of post-secondary level education that the district will approve as a work activity, up to a four-year college program:

The district will approve up to two years of post-secondary education, that culminates with a certificate or degree, as a work activity.

- g. Describe how the district will ensure that enrollments in post-secondary education beyond the 12 month lifetime limit are combined with a weekly average of at least 20 hours in paid employment activities which may include work study, work experience or community service:

The district enrolls clients into post-secondary education that is scheduled to exceed 12 months by semesters. In the fall semester, the enrollment would cover September, October, and November. The spring semester would cover February, March, and April. This strategy allows for the twelve month limit to be spread out over two years of education. In the months not enrolled in post-secondary activity the clients are expected to participate in work experience or community service to continue to be eligible for post-secondary education as an employment activity.

- h. Education and training providers are evaluated by the following standards:

The district utilizes documented effectiveness of the training either by obtaining a summary of classroom training records or demonstrated effectiveness through positive outcomes such as job placement, enhanced skills for the workplace, obtaining professional certification, or obtaining certificates for successful skills demonstration and completion.

- i. The district procedure for advising participants of approved training providers is:

The district maintains a list of approved training providers which is shared with individual clients at orientation, assessment, employment plan development and through other contacts with the Employment Counselor.

- j. The district procedure for notifying participants of approval for training or enrollment in a work activity is:

St. Lawrence County utilizes WTWCMS enrollment paperwork.

- k. In accordance with 18 NYCRR 385.9(b), regardless of whether the college program is approved for the participant as an employment work activity, the district will approve as a work activity a work-study, internship, externship or other work placement that is part of a non-graduate student's curriculum unless one or more of the following conditions applies as checked below:

- It has been determined that the student voluntarily quit a job or reduced earnings to qualify for initial or increased Temporary Assistance.
- A job or on-the-job training position that is comparable to the work-study, internship, externship or other work placement cannot reasonably be expected to exist in the private, public or not-for-profit sector.
- The student is not maintaining a cumulative C average (or the equivalent). The district may disregard this provision if the student documents an undue hardship.
- The institution or student fails to monitor and report information regarding the student's attendance and performance as required.
- The student fails to progress toward the completion of a course of study without good cause, as determined by the district.
- The student has previously enrolled in work-study, internship, or other work placement and failed to complete the work placement without good cause as determined by the district.
- Additional reasons as stated below:

- l. To verify continued exempt status, the local district will monitor the high school attendance of 16-18 year old students in the following manner:

The individual student's attendance and satisfactory participation is verified through contact with the school guidance office.

- m. The district's procedure for ensuring that an individual's health related limitations are accommodated when assigning the individual to a work activity is:

The Employment Counselor notifies the work site / program provider in writing of the client's work limitations. Client feedback and onsite visits by the Employment Counselor are used to monitor site adherence to accommodating the limitations.

Section 3.7 Work Verification

Consistent with New York State's approved Work Verification Plan (WVP), and in accordance with the requirements established by the United States Department of Health and Human Services, districts must develop a quality assurance plan to ensure that the data reported, from which their work participation rates are derived, are accurate. The plan must include the district's procedure for monitoring reported scheduled and actual attendance in paid employment and unpaid work activities and the controls in place to ensure that reported exemption statuses resulting in federal exclusions from the work participation rate calculation are accurately made, work eligible individuals are correctly identified, hours of attendance reported are accurate and documented, data entry is accurate and that the district and its providers adhere to the approved work activity definitions and the determination of countable excused absences and holiday reporting within federal limits. Each district must maintain the documentation to verify what is being reported to NYS OTDA.

Each district must describe how it will conduct periodic self audits to determine that system entries are consistent with documentation in case files. The district must also explain how it will choose the sample size, select sample cases and establish the review period (no less frequently than semi-annually). The plan must indicate the district will maintain documentation on all pertinent findings produced through its self audit process and that case records for all reviewed cases will be available for State and other auditors in their review of the local work verification system for the standard 6 year period associated with such reviews.

After each self audit is completed, the district must submit a summary of findings for State review including specific information on each of the errors identified. In addition, when monitoring reveals substantial problems, the district must describe the corrective action it will take.

The Quality Assurance plan must explain how staff will:

- Ensure that documentation of wages and actual hours of employment is verified and accurately projected/reported and present in the case file, is actual and is projected correctly;
- Ensure that the documentation for actual hours, supervision/attendance, excused absences, and holidays in other activities is present in the case file;
- Assess whether participation in the work activities reported for work eligible individuals meets the approved federal definition for the activity;
- Assess that the data entered into either WTWCMS, NYCWAY or other automated systems used for reporting work activities is accurate, including actual hours, excused absences and holidays; and is based on documentation in the case record; and
- Ensure that documentation necessary to determine an individual to be exempt due to being the caretaker of a disabled household member (Employability Code 38 or 48), and/or parent or caretaker relative of a child in the household under 12 months of age, (Employability code 31), is present in the case file and that individuals meet the exempt status based on the required documentation.

Please describe the process the district will use to review district worker collected documentation and data entry of the above listed elements (include a description of how a case sample for review will be selected, sample size and frequency of reviews):

The district will perform a random sample of (10) cases semi-annually for paid work activities to review district worker collected documentation and data entry. Both the temporary assistance and employment case files will be reviewed. Hours of employment will be verified through receipt of pay stubs, employer verification forms or collateral contact with the employer. The review will ensure the hours of employment on the ABEL budget are consistent with the hours reported on WTCMS and documentation is in the file to support hours reported on WTCMS and that the scheduled hours on WTCMS is consistent with the documentation.

The district will perform a random sample of (10) cases semi-annually for participation in unpaid work activities to review district worker collected documentation and data entry. The employment case files will be reviewed. Actual hours of attendance will be documented by attendance sheets showing actual hours of attendance, any excused absences during the month, any unexcused absences during the month, and holiday time. The review will ensure the actual hours of attendance reported on the monthly attendance sheets has been correctly reported on WTCMS, excused absences and holiday time are documented in the case file and correctly reported on WTCMS in accordance with federal limitations, and documentation of actual hours of attendance is accurate and matches the hours of participation reported on WTCMS by district or provider staff.

The district will perform a random sample of (5) cases semi-annually in which a case member is reported as an employability code 38-needed in the home fulltime or employability code 48-time limit exemption to care for a disabled household member to review district worker collected documentation and data entry. The temporary assistance case file will be reviewed to ensure there is presence of medical documentation to support the exemption and that the documentation has a timeframe for the exemption and that the individual is the appropriate caretaker.

The district will perform a random sample of (5) cases semi-annually in which a case member is reported as an employability code 31-caretaker of a child under the age of 12 months to review district worker collected documentation and data entry. The temporary assistance case file will be reviewed to ensure there is documentation from hospital, birth certificate or social security card present to verify the child under the age of one. Temporary assistance records will also be reviewed to ensure that the household composition is in fact a one parent case and that the individual has not exceeded the 12 month lifetime limit.

In each of the above samples, the district will assess and verify that participation in the reported work activities meets the State approved definition for the activity.

The district will sample cases from each month within in the (6 month) semi-annual period. The October to March review will be due by May 20th. The April to September review will be due by November 20th. The district will maintain supporting documentation for the cases that are reviewed and make them readily available for review by A&QI auditors upon request.

The results of these audits will enable the district to identify policies, processes or cases that may need corrective action. The district will ensure that a summary report will be prepared following each review period and forwarded to: otda.sm.AQI.WV.SelfAudits@otda.ny.gov

Does the district utilize and separate providers to collect documentation and enter data directly into WTCMS?

Yes No

If yes, describe the process the district uses to review provider collected documentation and data entry into WTCMS of the above listed elements (include a description of how a case sample for review will be selected, sample size and frequency of reviews):

In St. Lawrence County providers do not data enter work information on CMS.

Section 3.8 Strategies/Procedures for Accommodating Individuals with Limited English Proficiency

Following is a description of how the district accommodates the needs of Non-English speaking participants in accessing employment activities and services:

In St. Lawrence County there is rare occasion to serve non English speaking clients. Language line posters are available in public areas so the client can point to their language. Arrangements are made to link them with an interpreter. Upon occurrence, the individual is referred to Literacy of Northern New York, which provides remediation in English as a second language.

Section 3.9 Strategies/Procedures for Increasing Program Attendance

Describe district policies and/or procedures in place to reduce the amount of time participants fail to participate in work activities, including absences that are with good cause:

The Employment Unit staff work closely with clients to facilitate overcoming personal barriers impeding participation. Referral to other agencies for more specific intensive services is common. Carpooling is encouraged when practical. Once in an activity, (except for unsubsidized private/public sector employment and on the job training), we have implemented a weekly timesheet system which allows for monitoring of attendance and quick response to problems. The timesheets also provide the documentation to allow us to pay support services to the client in a timelier manner.

Clients are counseled on how to work with providers to "make up" lost time within a monthly timeframe. Therefore, when necessary and possible they are allowed to participate over and above their daily regularly scheduled hours to achieve attainment of their monthly scheduled hours.

The reason for an absence is noted by the provider on the client's timesheet. The Employment Counselor makes final determination of allowing "absence for good cause," i.e. health appointments, legal appointments and unanticipated illness. The Counselors work with clients to schedule appointments of any type around their scheduled hours in a work activity.

Section 3.10 Strategies/Procedures for Engaging Sanctioned Temporary Assistance Participants

District attempts to engage sanctioned participants as soon as they are sanctioned using the following strategies:

The district staff contact clients that are " sanctioned until compliance" following the duration and allow the client to come into compliance with the sanction as soon as compliance has been demonstrated. Compliance is defined as attendance and satisfactory participation for designated hours per activity for at least five business days, if applicable. Support services are made available during the effort to comply.

District attempts to engage sanctioned participants when the durational period of the sanction is completed using the following strategies:

Clients completing the durational limit of their sanction are sent a letter to show for an assessment appointment with their Employment Counselor following their sanction completion.

District attempts to engage sanctioned participants during different times in the sanction period using the following strategies.

Clients whose sanction has expired are required to meet with their Employment Counselor on a regular basis until in compliance or their case closes due to being a "no-call/noshow" for one of the scheduled appointments.

Section 3.11 Strategies for reducing the need for Temporary Assistance

District's strategies for reducing the need for Temporary Assistance are described below:

The district engages non-exempt applicants in job search and job readiness training within approximately two weeks following application. Scheduled for a six week period, applicants are required to make a minimum of five job contacts per week to total minimum of thirty. Employment Counselors work with the applicants/recipients in job clubs to enhance the opportunities for employment. Satisfactory participation is required.

Section 4 Support Services (Reference 18 NYCRR 385.4)

Section 4.1 TA and Non-TA SNAP Applicants and Recipients in Work Activities Approved by the District

- a. The social services district will provide childcare in accordance with the childcare section of the district's Child and Family County Services Plan. The district will also provide for participants the following expenses which the district deems necessary for the individual to participate in orientation, assessment, employment planning, approved work activities and activities to restore self-sufficiency:

Support services may include, but are not limited to transportation assistance; nonrecurring payments such as car repair, clothing, tools and equipment; payments to obtain a permit or license; certification/licensing fees, educational fees; etc. The district will not pay fines to obtain driver licenses. These services are reviewed on a case by case basis with respect to need for activity participation and/or with the intent to allocate payments when another agency providing an activity is unable to do so. There are life time maximum limits of \$1,100.00 on car repair and \$1,000.00 on car insurance. Clothing expenses may be paid up to \$150.00 per activity. Exceptions may be made at the discretion of the Employment Counselor with the Employment Supervisor's review and approval.

- b. The district will use the following approach to assist those participants who need transportation to and from an approved work activity site, including any applicable mileage reimbursement rate, and the method used by the district to arrive at that reimbursement rate. OTDA policy establishes a mileage reimbursement rate of no less than the IRS established rate for medical/moving purposes. In all instances, should the actual cost of transportation needed to participate in an assigned work activity exceed the reimbursement rate determined by the district, the district may reimburse for the actual costs based on reasonable documentation submitted by the work activity participant.

Please check all that apply:

- Bus pass/token
- Gas card/voucher
- Mileage reimbursement at IRS Business rate, (effective 1/1/17 is 53.5 cents/mi)
- Mileage reimbursement at IRS Medical/Moving rate, (effective 1/1/17 is .17 cents/mi)

- Other mileage rate, (please explain methodology used to establish reimbursement rate):

St. Lawrence County's base mileage reimbursement rate is to use 1/2 of the federal mileage reimbursement rate currently .2675 cents per mile. We encourage carpooling as much as possible and authorize the use of public transportation whenever possible. When necessary, the use of a taxi cab is authorized.

- c. OTDA policy establishes a distance not to exceed 2 miles as the maximum distance that the district can require a participant to walk to a work activity assignment or to access public transportation. The district's policy states that an individual may be required to walk up to the distance described below each way to a work activity or to access public transportation:

The district does not allocate transportation support services for a participant if he/she resides within a two mile radius of the work activity site. Personal disabling circumstances, weather and childcare provider location are cause for exceptions to this rule. Other types of exceptions are reviewed as they occur.

- d. The district will provide the following services to assist individuals at risk of needing temporary assistance to improve their opportunities for employment or to maintain their employment:

The district may provide individuals the following supportive services needed to obtain and/or maintain employment include but are not limited to the following: DMV associated fees, transportation related expenses, and clothing expenses. Requests are reviewed on a case by case basis, with respect to need, availability of funds, and availability of services through other resources or community programs.

Section 4.2 Transitional Support Services

The district will provide the following supports and strategies to support job retention:

Employed active clients may have the full array of services available to them, as well as the services of their Employment Counselor. These services consist of, but are not limited to, the following; transportation assistance, car repair, clothing, tools, permit or license fees. Documentation of attendance at the approved activity is necessary before support services are provided.

The district will provide the following support services, for up to 90 days after case closing, to individuals whose Temporary Assistance cases have closed due to employment:

The district may provide the full array of support services to these individuals as listed above for clients. Childcare reimbursement is provided through the Day Care Unit within the DSS Accounting Department.

Section 4.3 Extended Support Services

As long as funding is available (through FFFS, etc.), the district will provide the following supportive services for individuals who are eligible under the TANF Services 200% of poverty eligibility guidelines:

Youth and adults that are certified 200% TANF eligible, participating in Workforce Innovation and Opportunities Act programs, may be considered for the full array of services. Support services may include, but are not limited to transportation assistance for employed participants; nonrecurring payments such as car repair, insurance, clothing, tools, and equipment; payments to obtain a permit or license; certification/licensing fees, etc. Services would be reviewed on a case by case basis with respect to need for activity participation, and/or with the intent to allocate payments when another agency providing an activity is unable to do so.

Compliance is demonstrated by the satisfactory completion of at least five verifiable employer contacts submitted for review prior to the date of sanction.

Section 5.2 Sanctions

Individuals who are on a first non-compliance or whose durations have expired will be mailed a letter by the Employment Counselor requiring them to attend an assessment appointment to determine whether or not they are willing to comply. If the client responds affirmatively they will be referred for activity enrollment. The sanction will only be removed upon compliance. Compliance shall be defined

as reporting to a required appointment, enrolling in an activity, actually starting the activity and participating satisfactorily for at least 5 business days before the sanction will be lifted. The district's process for determining an individual's disabilities and/or work limitations is in accordance with 18 NYCRR 385.2(d). Check all that apply, and describe the process:

- District participates in the OTDA managed contract for independent medical evaluations.
- District contracts directly with a physician to provide independent medical evaluations.
- District accepts physician's statement provided by participant.
- District accepts physician's statement provided by participant but refers for an independent evaluation when deemed necessary.
- Other process (please describe):

Referrals to IMA are made for medical and psychological assessments when further evaluation is required or warranted.

The local process for reviewing the medical documentation to determine if the individual is exempt, nonexempt, or work limited is as follows:

- District directs the contracted physician or individual's physician to determine status.
- District review team reviews and determines status (described below).
- Specialized disability/medical staff or unit reviews and determines status (described below)
- Other:

Upon return of the LDSS 4526, the Medical Review Team (consisting of an Employment Supervisor, Employment Counselor and as necessary the DCAP Coordinator) reviews the case and makes a determination on employability. If the client disputes the medical determination, the client is advised of their rights for a Fair Hearing.

Section 6.3 Requirements for Exempt Temporary Assistance Participants (Reference 18 NYCRR 385.2 (e))

An exempt individual who has the potential to be restored to self-sufficiency through rehabilitation may be required to accept medical care to assist the individual in recovering from a mental or physical impairment, accept referral to and enrollment in a program of vocational rehabilitation, training, and/or other essential rehabilitation, and provide requested evidence that he/she is participating in the assigned program.

a. Following is the district's procedure for determining if an individual who is unable to work due to mental or physical impairment has the potential through treatment or other rehabilitative activities to improve the ability to work. This determination is different from the determination of the individual's disability exemption as covered in Section 6.1 of this plan. Included here is who (e.g., medical practitioner, employment worker, Temporary Assistance worker, local review team, etc.) makes or assists in this determination that an individual can restore or improve employability through treatment or other rehabilitative activities. Also included is the source and type of information used to make the

determination (e.g., information from individual's medical practitioner, district contracted provider, specialist evaluation obtained as result of district referral, etc.):

The Medical Review team, which consists of the Employment Supervisor, an Employment Counselor and as necessary the DCAP Coordinator, makes a determination based on medical documentation provided by service agencies, Employment Counselors, Social Welfare Examiners, medical specialists or primary health care providers. Based on all available information individuals are referred to appropriate treatment or if determined that the treatment will not lead to employability the individual is referred to the Disabled Client Assistance Program (DCAP).

b. Following is the district's procedure for developing a treatment plan and for referring the participant to appropriate treatment, etc. Please be specific:

When all available information is gathered, the Employment Counselor in cooperation with the client makes appropriate referrals to other agencies for rehabilitative services.

c. Following is the district's procedure for tracking the participant's compliance with the treatment plan, including who in the district is responsible for monitoring compliance. Include elements such as monthly confirmation of attendance at rehabilitation or other factors to judge participation and progress, along with how often the treatment plan is updated:

Attendance at the rehabilitative appointments is mandatory and written into the client's employment plan. Timesheets are utilized when the client is enrolled. According to the client's employment code the Employment Counselor enters the dates of exemption in the CMS health history screen, i.e. code 41 = 11/01/17 to 2/1/2018. This enables the CMS tickler to pop up when another evaluation is due. The Counselors also attempt to make contact with each client on a monthly basis by telephone or personal appointment as a follow up to the referral for services.
